SREE RAMYA YELISETTI

+91 9492293139 | se24uari051@mahindrauniversity.edu.in | linkedin.com/in/sree-ramya-yelisetti-6a7404330

SUMMARY

B.Tech Artificial Intelligence student with a foundation in Python, C, Java, SQL, data structures, algorithms, operating systems, and problem solving. Familiar with programming, database concepts, scripting, and core computer science concepts. Interested in system administration, troubleshooting, and solving technical problems through a systematic approach.

EDUCATION

Mahindra University, Hyderabad
B.Tech in Artificial Intelligence | Expected Graduation: 2028
CGPA: 8.07/10
Relevant Coursework: Operating Systems, Data Structures, Design and Analysis of Algorithms, Database Management Systems, Object-Oriented Programming, Theory of Computing, Artificial Intelligence, Machine Learning, Probability & Statistics, Numerical Methods

TECHNICAL SKILLS

Programming: Python, C, JavaScript, SQL
Core Computer Science: Data Structures, Algorithms, Operating Systems, DBMS, Object-Oriented Programming
Web Development: HTML, CSS, JavaScript
Linux & Scripting: Linux (Basic), Shell Scripting
Scripting & Data: Pandas, NumPy, Data Analysis
AI/ML: Artificial Intelligence, Machine Learning, Natural Language Processing, Computer Vision
Tools: Jupyter Notebook, Google Colab, VS Code

PROJECT EXPERIENCE

User Access & Privileges — Linux | 2026
- Created and managed Linux user accounts with role-based access and permissions.
- Performed basic system maintenance by checking system status, storage usage, and running processes.

BookWorm — Online Bookstore | HTML, CSS, JavaScript | 2026
- Developed a multi-page online bookstore using HTML, CSS, and JavaScript.
- Implemented book search and shopping-cart features including quantity updates, item removal, total calculation, and order confirmation.
- Used **localStorage** to maintain relevant cart and search data across pages.

AI-Assisted Legal Research System | Smart India Hackathon | 2026
- Contributed to an AI-assisted legal research system that identifies important case facts and connects them with relevant laws and precedents.
- Worked on understanding how changes in key case facts can affect the legal research results while keeping final decisions with human experts.

SOFT SKILLS

Problem Solving | Analytical Thinking | Teamwork | Troubleshooting | Adaptability

COURSES & TRAINING

Machine Learning with Python — Analytics Vidhya | In Progress | Approximately 70% completed

LANGUAGES

English (Fluent) | Telugu (Native) | Hindi (Basic) | French (Basic)
